Suggestions & Notes: I would suggest the following for improvement, Or I noticed

TIME Management / ~~task~~

⑩ I will prepare more activities and manage time for it.

⑪ - prepare the content very well.
- be ready with many types of questions to open the discussion and lead it.
- prepare many activities for students.

Conclusion :-

- Teaching in STEM context is very easy because it's student centered, I have only to plan activity and ~~manag~~ manage the Teamwork, It's better than passive teaching as it makes students engaged and they learn better.
- I learned to apply some teaching ~~strategies~~ skills like talk moves and guiding group ~~discuss~~ discuss and asking open ended questions.
- I learned some leadership, communication, Time managment skills.

- ① I want try how LA work in CareerUp and TRY How Teacher Can help Student and improve my social skills, Presentation Skills
- ② I learned How I can become Leader, I improve my social skills.
- ③ if I don't understand All concepts and I can't answer
- ④ Give each student Task like: Timer and for research of student I become sure From all objects
- ⑤ Wait before start LA and after start: It was good and feel comfortable
- ⑥ Questionning, Clear their words
- ⑦ Yes To make student engagement and motivation
- ⑧ Yes our relation is good and we work good and help each other
- ⑨ Social skills, Presentation skills
- ⑩ TRY To deep knowledge
- ⑪ be Patient (new), TRY To deep your knowledge and take their words it may be useful for you
